## Secure Residential Treatment Facility

At the Recovery Center at Woodburn, we are here to help you find relief from distress and assist you in creating a foundation for recovery.

We believe recovery starts from within, and that our job is to do whatever it takes to help you through any difficulties you might be facing. Our 16-bed facility has a multidisciplinary team of clinicians, psychiatric prescribers, nursing staff, and peer specialists who are all here to help you on your path.

Our services emphasize choice-making skills and harm-reduction techniques. We provide a safe, respectful environment where you can develop new ways of living that will help you achieve what you want in life. Although we are a locked facility, our staff will work with you during your stay to make sure that you feel respected and supported in making positive life choices.

## What to Expect
