About the Program:	<p>The Recovery Center at Sarpy is a 24-hour staffed, secure mental health program that helps people envision their recovery path, build important skills, and regain hope to move forward on their journey. It offers a high level of care in the community, which gives people a chance to receive all the needed support and services under one roof that they need to stabilize their symptoms and strengthen independent living skills. Recovery is woven into and defines every aspect of the program, from assessments and interventions, to the client information system, to the selection of staff, and the overall client experience. The full-fidelity DBT program is available for qualifying clients.</p> <p>The Recovery Center at Sarpy is person-centered, and trauma-informed. In this environment, clients begin a learning process that helps them make effective choices, reduce the amount of harm in their lives and increase their personal strengths.</p>
